

The Healing Meditation Circle

Presented by Meg and Vanessa

Invoking the Archangels

This healing meditation circle will open with a prayer and an invocation to welcome the Archangels into our sacred circle. We will set our intentions on what we wish to manifest in our lives, and learn how to stay open to receiving healing, abundance, joy, and experience letting go and going with the flow of life. Through sacred ceremony, we will seal our intentions, and close the circle with a beautiful guided meditation to help us release and bring forth healing energy into our lives.

This healing meditation circle is a perfect and powerful opportunity to create a new life for ourselves and a wonderful way to start this new year. Please join us for an amazing and healing night as we bring in the potent healing energies of the New Year!
